

## **From the Desk of Peter, Karen's Husband**

February 2025

Greetings

As you scroll through the cards these are only a handful of flower and funeral cards sent from family, coworkers and friends. There were over 100, with comments and thoughts reflecting Karen's gentle nature, kind heart and love for horses. I selected these few as they had kind words and thoughts.

The envelopes show the reach of Karen in her life as cards were coming in from coworkers in OH, relatives and friends in SC and even Karen's bowling buddies.

Peter
