

I remember our first date,
our first kiss,
our very first
"I love yous."

I remember how natural it felt
to start out together,
how comfortable we were
despite all the crazy stuff
that was happening
in the world around us.

I knew I had found a companion.
For the journey ahead,
someone who would stay beside me,
no matter how the road turned
or where it took us.

More years than I can believe
have slipped by us.

But I feel the same way now
as I did all those years ago...
