

## **From the Desk of Peter, Karen's Husband**

March 2025

Greetings

As you scroll through the cards, calendar pages and short notes, there is a story behind the calendar pages. The calendar pages you see are the days of the week where I would write notes on the back of the pages and at the end of the week, send them to Karen, from AFG. The numbers you see on the pages are the number of days left in AFG.

Karen saved each one as the years passed. This is a testament to her unconditional love for me and the devotion of our marriage.

This is not intended to virtue signal, nor pat myself on the back. I include them in the hopes men will see that even simple things like notes on a calendar page will show your wife you are always thinking of her, even when deployed to war.

Peter
