US Department of Energy Inspector General Office
1000 Independence Avenue, SW
Washington, DC 20585
RE: Judge Robert Lane

Within this packet you will see a letter sent by the County of NYE to the Department of Energy whereby the county explained that the monies from the Drug Court matter had been corrected.

What they failed to notify your department of who was involved. A State of Nevada District Court Judge, The District Attorney and Court Clerk.

Additionally, to date there has been no proof that all monies taken were indeed recovered.

It is very apparent that actions taken are egregious and illegal. Additionally, actions by several members of the Nevada State Bar are intertwined in these matters.

Sincerely,

Anthony Greco
