

Beach Rules

www.AffinityConsulting.info

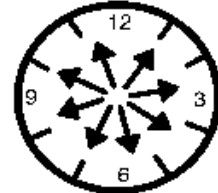

1. Make a plan

Where can I go?

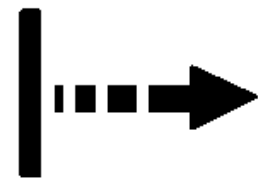

Who can I play with?

How long are we staying?

2. Start with

sunblock

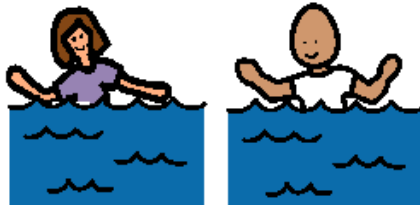

organize my stuff

drink water

3. Water safety

can go in water up to armpits

great job =
keep playing

didn't follow rule =
out of water right away

4. Splashing

I need to decide if I will splash

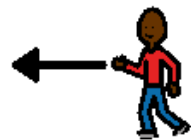

I can splash
and get splashed

I won't splash
and can't get splashed

5. Leaving

It is nice I got to come to the beach.
I show respect when I leave on time.

I don't need to be happy to leave
but I need to be calm.

I can say
-Okay
-I will pack up
-I am glad I came
