

HIS WORK FOUNDATION
We're busy doing His Work . . . please join us
ANNUAL REPORT 2025

WE HAVE LEARNED.... What works and what doesn't work when it comes to sending much-needed help to Africa. That includes determining true needs and security of fund transfers. One may wonder why nobody thought of this before us! His Work Foundation has devised a formula which allows donors to give to remote African churches and communities with extreme confidence.

It works like this. Priests and religious leaders ministering in remote places in Africa can present their needs to the foundation under certain conditions. Their grant requests must be for less than US\$5,000, presented on a one-page coversheet explaining the needs and plans. We do not suggest or recommend projects which require funding. The grant request must be approved by their bishop or religious superior, who verifies the need and who oversees the grant process.

Our priorities are on lifesaving and life-changing matters. Yes, we help build churches and schools because we believe in creating places for empowerment. BUT most of our funds these days go to providing emergency food relief and medical care where none is available.

So, in 2025 we approved 53 grant applications for a total of \$247,370 to a number of parishes and schools in rural Africa. Grants were made to the following countries: Ethiopia, Eritrea, Sudan, Kenya, and Tanzania (some pretty rough places).

Let me identify the purposes (categories) of these grants:

\$107,653 - food to avoid starvation (as opposed to food for hungry)	Life-Saving Food Relief
\$ 49,848 - medicine and medical care (mostly for war torn areas)	Life-Saving Medical Relief
\$ 13,369 - emergency transportation (medical or humanitarian projects)	Life-Changing Relief
\$ 2,000 - displaced Peoples (Eritrean refugees in Sudan)	Life-Changing Refugees
\$ 1,500 - Education (mostly elementary or special needs)	Life-Changing Education
\$ 40,000 - Church related (mostly church and chapel construction)	Life-Building Construction
\$ 30,000 - Church related (mostly church equipment)	Life-Building Equipment
\$ 3,000 - Water Projects (mostly water tanks for sustainability)	Life-Building Water

Our IRS required form 990 for the year will show an income (by donation) of \$145,703 and grants \$247,370 and related expenses for \$3,720 . Related expenses include bank fees. It is important to note that of the above-mentioned total grants \$80,000 were approved late in the 2024 year and sent in January of 2025.

Developments (political, social and humanitarian) in the Tigray region of Ethiopia have drawn our attention. The needs there are so dire that we are intending to continue to be an important part of relief efforts there.

The directors of His Work Foundation in 2025 are: Deacon Hugh Downey, Marty Downey, RN., Sean Miller and Karen Miller, and Dan Murphy, CPA.
