

NOVEMBER 2026 HONG KONG

Magic Oil & Candle Magic with Helen Forty

4 sets of oils included

Learn how to make magic oil with dried plants including herbs and flowers. We will also make the oils more potent by adding and programming crystals. We will make 4 different oils. During the workshop we will use these oils in magic rituals and candle magic.

Candle magic is a fun and effective way to manifest what you want in life. We will use colour correspondence, spell casting, clear intention, magic oils and the fire from the candles to support what you want. Helen will lead you through 2 mini magic rituals and 2 longer ceremonies.

We will make oils and do candle magic rituals for:

- Protection
- Abundance
- Spiritual Intuition
- Love, Peace & Blessing

At the end of the workshop you will keep 4 types of oil to take home together with the knowledge of how to do candle magic and make special oils.
