Building of a infant school

The Mission Ruah Foundation is a non-governmental organization, legally established in the United States, working to **improve the quality of life for the most underprivileged**. It was founded in 2018, particularly to provide assistance to the poorest areas and meet basic and urgent needs in different regions of India, Colombia, Argentina, and Paraguay. It also extends **its support to the poorest areas** along the Mexico-United States border (Texas) and Florida.

Building of an infant school in Guntur district in the Indian state of Andhra Pradesh.

Why?

The school is one of the most important and necessary social institutions.

Where?

The Bishop of Guntur has requested the Ruah Mission to assist the diocese in **building a new school** for **2,000 children**. In the diocese, for every 100 resident children, **only 55 attend school**. The remaining 45 stay at home because they lack the means to receive basic education.

How?

Help us make this dream come true; support us in bringing it to reality. With \$500, you can adopt a child and **contribute to the construction of this school**. Our goal is to have it ready as soon as possible.

It is crucial for **eradicating poverty** and enabling those who attend to **play more significant roles in society**, improving their well-being, their families, and their surroundings.
