SMELLPROOF

RYOT® Smell Proof bags offer the highest level of odor containment and weather proof protection. The exterior shell is designed to shut with no escaping air and odors. No air escaping means no odor escaping. Then the RYOT® Smellsafe® lining with activated carbon properties works to neutralize and trap odors, reducing the amount of released odors when bags are opened. PACK AND PROTECT with RYOT®.

#SMELLPROOF #ODORPROOF #PACKANDPROTECT

KANNASTÖR®

GR8TR V2 • MULTI-CHAMBER • SINGLE-CHAMBER • PENDANTS • PRESSES

We at Kannastör® have been committed to bringing you high quality Herb Hand Grinders for the past 15 years. We were the first to bring you the Clear Jar body, Clear top, the Patented Easy Change Screen™, and the latest and most revolutionary grinder on the market, the GR8TR® v2 Grinder.

Our commitment to bringing you the Quality we have become known for is just one of the reasons all Kannastör® grinders come with a Limited Lifetime Warranty, are 100% Food Grade 60/61 hardened anodized aluminum, and made with our trade marked Grinding Teeth and Drop Through Hole pattern you have come to know and love.

LIMITED LIFETIME WARRANTY

All Kannastör® Grinders are backed by a Limited Lifetime Warranty against manufacturer defects.

MATERIALS

Kannastör® Grinders are made from Food Grade 60/61 hardened aluminum to ensure maximum durability and performance for as long as you own your grinder.

FOOD GRADE QUALITY

All Kannastör® aluminum parts are chemically bathed and anodized, then closely inspected to eliminate any potential impurities. When it comes to your health and safety, Kannastör® is a brand you can trust.

ENGINEERED DESIGN

Kannastör® has always been known as the top quality grinder identifiable by it's trademark silver body and black top. Our team of engineers and designers are constantly working to ensure our grinders perform at the highest possible level. Each new design and feature goes through a series of strength, functionality, and performance testing before it finally goes into production.

GRIND • SIFT • PRESS

1. Remove the bottom piece of your kannastor grinder and collect all the pollen.
2. Assemble your pollen press and remove one end cap and one pin. Stand the pollen press upright so that the open end faces towards you.
3. Now, put your pollen in the pollen press. When all your pollen has been transferred into the pollen press, you can insert the pin.
4. Next, screw the end caps on as tight as you can by using hand pressure. Note that tools like wrenches can damage your pollen press, so only use your hands, but apply maximum pressure. Let the pollen remain in the press for at least 8 hours. For best results, re-tighten the end caps every hour or so.
5. After the waiting is done, you can unscrew the caps and remove the pins. The hash will usually stick to the pins, so remove it carefully. Your pellet will have the diameter of a penny. The thickness depends on how much material you used.

POLLEN PRESS

Kannastör presses are constructed with 100% hardened 60 / 61 aluminum. Aluminum dowels handle the pressure of endless use without fail and allow entire press to be heated to 175* to cure pollen disc. 100% food safe and Medical Grade Triple dowel system allows pressing of two discs at one time. Tolerances to 1/1000th of an inch Two sizes. Perfect for 1g or 2g pollen discs. Kannastör quality and Limited Lifetime Warranty.

FEATURES

Made from 61/60 Anodized Food Grade Aluminum
 Aluminum Dowels Handle the Pressure of Endless Use

 **VERB™ VAPORIZERS**

VERB DHV™ - DRY HERB VAPORIZER MSRP USD \$99.00

INTRODUCING..... THE RYOT® VERB™ DHV. With so many dry herb vapes on the market, we sat back and expected somebody to make a pocketable vape that was easy to load, easy to use and gave a hit that could truly satisfy. After years of waiting, we realized that no one was going to produce a vape "For Smokers By Smokers". So that's what we've done. HIT IT!

FEATURES

- Designed for Ease of Use
- Innovative Stay Cool Smooth Draw Mouth Piece
- Easy Load Funneled Oven Chamber
- Integrated Stainless Steel Poker Tool
- Rapid Heating Temperature Control
- OLED Display
- Slim Hips
- Limited 2 Year Warranty

VERB™
510

VERB™ 510 - OIL CARTRIDGE VAPE MSRP USD \$29.00

The all new RYOT® VERB™ 510 offers high, medium and low power modes, as well as a pre heat function to suit your smoking style. 5-clicks for on/off feature, makes for an easy to use, and safe device when not in use. Universal magnetic adapters make almost any 510 threaded cartridges ready to go. Simply snap the lid closed for transport and discretion.

NOTE: The VERB™ 510 works with all 510 threaded cartridges as long as they are less than 11mm in diameter. Keep in mind that longer cartridges could make it difficult to flip the top closed. We recommend certified/reputable brands that utilize the CCELL cartridge (TH2 or M6T Models) - they work exceptionally well.

FEATURES

- Limited 1 Year Warranty
- Resistance: Above 0.8ohms
- Output Voltage: Low 3.0V / Medium 3.4V / High 3.8V
- Battery Capacity: 650mAH
- Fits 0.5ml Tanks With Medium Magnetic Adaptor
- Fits Most 1ml Tanks With Short Magnetic Adaptor

SIZE

DUGOUTS

With our patented dugouts, you'll always be prepared for a smoke session. They're compact, discreet, and designed to be completely pocketable. RYOT's design makes smoking a relaxing, no-fuss experience. Remove your one-hitter, pack it, take a puff, and empty it with the patented magnetically secured poker or with an ejectable bat. It's that easy.
