IT'S NOVEMBER ALREADY!
OH NO! OH NO!

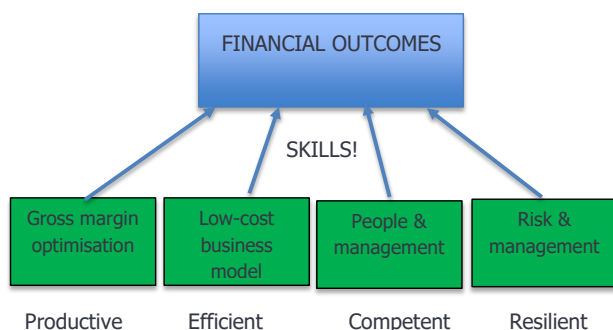

STAFF & ACCIDENTS

They happen, and usually during harvest or seeding. Print this out, stick it in your office. Share a copy of the 'incident check list' with all staff and employers' to keep on their phones.

FOUR PROFIT DRIVERS

For any business, profit is strongly linked to skills.... but what does that mean? Financial outcomes are due to the four below. (And stocking rate. Always stocking rate 😊)

PASTURE

A reminder, as this season it looks like there is a lot of feed out there...remember its not as good as we often think as digestibility has plummeted

Graph 3. Digestibility and energy decline of annual grasses and clover during the transition from green pasture to dry.

NLIS and PICs

Confused about the rules and how its all meant to work? Or where to find the info? AgPro's latest addition, Brianna Hindle, has summarised it all for you.
