### ***What we will cover in our workshop:***

- Visuals and hands-on.
- Description how a properly working plumbing system protects our family's health and safety.
- Description of the safety precautions you must take prior to making home plumbing repairs.
- Learn why the five (5) important local health regulations related to plumbing and tell how they protect health and safety.
- View cut-a-ways of: Washing machine, Dryer, Dishwasher, Hot Water Heater, Toilet and Garbage Disposal.
- Learn where are all the essential shut off valves are in your home.
- Learn how to use ten (16) important DIY tools.
- Learn how to remove sediment from your hot water heater and what the benefits are - anode rods.
- Learn the different kinds of pipes that are most often found in a plumbing system.
- Learn why every fixture needs a shut off valve and why each fixture must be vented properly.
- Learn the importance of preventative maintenance.
- Learn how to free up a jammed disposal.
- Learn how to safely remove an old faucet and install a new faucet.
- Learn how various fixtures are used and repaired.
- Learn how to clean an aerator.
- Learn how to find out if your toilet is leaking.
- Learn how to secure a loose toilet.
- Learn how to plunge/snake a lavatory drain, kitchen drain, tub and a toilet.
- Learn how to prevent burst water or heating pipes.
- Learn how to thaw water or heating pipes.
- Questions and Answers session.

*It is requested that you submit any specific questions or plumbing situations that you have experienced or would like further information about, along with your SignUp Sheet. Your questions will help me facilitate having visuals and hands-on so that I can address each attendees specific questions.*

***\*\*Drop-Ins are not allowed*** as I plan for a maximum of 10-12 attendees. Should you need to postpone due to unforeseen issue(s), a weeks notice is required so that I may attempt to contact other interested attendees waiting for a space. There will be no refunds. I am more than happy to move you to the next available workshop.

*If you need more information contact: Susan.Marshalsea@icloud.com*
