

A NEW DAY/A NEW MORNING WATCH

for the week of June 13, 2021

Surely, the Presence of the Lord is in this place.

Remember the feeling of Peace and Love that surrounds you as we sing this song at the Green Cathedral? Sooo Comforting-- Right? Guess what? The Presence of the Lord is not just in the Green Cathedral ! It is with you as you open your eyes for the first time each morning.

The challenge from this Morning Watch is "Each day - Be aware of this Presence, and as you start about your day, give thanks to Him for your breakfast, even if it's just coffee! There's a holy hush around us- THERE'S GLORY ON EACH FACE!" Look for that Glory. We all have it, it just that these days it is often "masked" by

FRUSTRATION, FEELINGS OF INSECURITY, and LONELINESS. Look past those masks/See the glory, and if you see it maybe the others will, as well! (It's God at work!) Let Him continue to help you through the day. (His ideas are often better than ours.) And as you lay your head on the pillow each night, say:

"Thank you that I never Walk Alone.
