

Directional Morning Watch

for the week of January 31, 2021

Well, It's not where I've been,

It's where I'm-a - goin',

and my map quest's

Set on FAR!

Well, just where ARE we a-goin'?

It's not where I've been

It's where I'm a-goin'

There's a lot of uncertainty out there now-

Including: Does map quest even exist anymore? I'm not sure, but I do know of another reliable Way -shower, and while I do not think He has caused this uncertainty, I'm sure He is pleased that folks have found the necessity of calling on Him for direction.

He's been waiting to hear from us!

**The lines of communication work best when used frequently.
(Like DAILY MORNING WATCH TIMES)**

Remember, it's a two-way communication.

Practice LISTENING for His replies

It will get easier to hear as we go along.

He is the most reliable Map Quest EVER!
