## **“PROUD TO BE ME”**

To some folks the word proud has a negative connotation. However, in the spirit of this old theme song, it is only positive. It is also a goal. It is awesome to realize that God created each of us for His very own specific purpose. If indeed we are able to catch a glimpse of that purpose and to make it happen, it is something for which we should be very proud! “Wow, I know what it is I’m supposed to be doing with my life! I am honored to think that God, Himself, feels I can do this! - I can do it!”

Taking a look at the words to this old theme song--there is nothing negative about it--only thankfulness and desire to do even better.

*“A very special person that no one else can be,  
I’m very, very proud to be me!  
A very special person, I hope that you agree,  
‘Cause I’m very, very proud to be ME!  
There’s not an awful lot the things that I’ve got,  
but they’re the things that make me-ME!  
So I’ll take the thing I’ve got and do the things I ought  
to Became the person I should be.  
There’s smarter folk than I,  
but I still have to try to be everything that I can be.  
I’m trying to be free of all jealousy,  
‘ Cause you are YOU, and I am ME.”*

**Thank you, God, for making me, ME.**

**I’ll try not to let you down.**

**Together we can do this!**
