## **ANTICIPATING CHRISTMAS**

**I guess we all can remember the excitement of waiting for Christmas day when we were children. -- Some of us actually were concerned about if we had made Santa's "List of good little children." -- (or not!) and we might even have tried to "cram" as if for a final exam before Christmas. (Maybe that was not such a silly childish notion,) As the proclaimed date of Jesus' birth looms, perhaps we still might think about that final exam. (Have we really appreciated the wondrous gift from God?**

**Have we listened to the message and lessons He brought with Him? -- Have we lived those lessons? ("Love one another") Have we done our part in bringing "Peace on Earth and Good Will to men?"**

**Maybe we'd better "cram" a bit in these days leading up to If cramming is what it takes, I still think He'd say, "Well done."**

**Let's give it a try!! OK?**
