**What a wondrous obsession**

**What a Priceless Possession**

**We're Alive!**

**Let's Celebrate!**

**When we think about the upcoming season of gift-giving, we all want to give the best possible gift we can to our loved ones. What an awesome thought that our Heavenly Father had the same feelings about us! Soooo----- HE GAVE US LIFE!**

**We all know the saying and the feeling of its truth, "Tis better to give than to receive." We also know that when our gift is appreciated it is just the best feeling! -- right? It's fun to see the outfit that we chose to be worn with pride or the toy we selected being utilized as designed. Well, since we have been taught that we are built in our Father's image, it's easy to understand how good it makes our Heavenly Father feel when we wear the beautiful gift of Life with pride and appreciation...and especially also when we utilize the special talents, he has given each of us. The best gifts we can give Him in return are when we live that life to the fullest using our talents to help others. Think about this in the upcoming days. "Oh the life I am livin' is a gift I've been given.**

**I'm alive, Let's Celebrate"**
