

Tuesday Morning Watch

The Power of YOU!

"You've Got the Power From Within"

How was your first full day of CAMP? Maybe it was everything you hoped it would be. Or maybe it feels like you've lost your zen. Maybe you think you've lost your purpose. Maybe you're just not sure where to begin.

Isn't it funny how we can come to a place as special as CAMP... and still bring our worries with us.

Sometimes we carry things we were never meant to carry. Sometimes we believe things about ourselves that simply aren't true. Sometimes those hurts...those fears...those patterns...can make it hard to see the power from within.

A lantern that's been carried for a long time usually has a story to tell. A few scratches. A little dust. Maybe even a little rust. But when you light it...it still shines.

There is GOOD news...God sees what all that stuff can't hide. He sees the light He placed within you. Even on the days you can't. And sometimes...God uses someone else to help us see it.

Today, as you go through CAMP, remember that God isn't looking at the dust or the scratches. He's looking at the light.

What might be making it harder to see the light God has already placed within you?

"People look at the outward appearance, but the Lord looks at the heart." — 1 Samuel 16:7

"Past failures we've had don't mean a thing... Today's a brand new day. So stop awaitin' for the next day, and make this day be the best day-just make a start and God will lead the way." — Janny Brizius, Use This Good Day (1972 CAMP Theme Song)
