

# **A SHORT MORNING WATCH**

for the week of March 7, 2021

**(Pay attention to coincidence!)**

**I recently heard a quote from Albert Einstein:**

**“Coincidences are God’s way of remaining anonymous.”**

**God tries to communicate with us.**

**(He tries in many ways.)**

**Folks who are especially “In tune” claim He speaks to them audibly.**

**I know this can happen, but not to most of us.**

**He tries to let us get to know him by means of a beautiful sunset,**

**or by the Springtime that follows Winter, introduced by the Spring wildflowers.**

**He tries in many ways to reach out to us.**

**And yes, sometimes it’s by means of coincidences in each of our lives.**

**Yep, they are God trying to get our attention.**

**PAY ATTENTION!**
