

Friday Morning Watch

The Power of YOU!

"You've Got the Power...The Power of YOU"

Wow...what a powerful week it's been. Earlier this week, we celebrated the unique light God placed within each of us. Now as we look around, we can see what happens when we share that light with one another...**This is the power of CAMP.**

In just a little while, we'll leave this place and head back home, to our routines, our responsibilities...and yes, the "stuff" we left behind. The truth is...going home doesn't mean you'll suddenly have everything figured out.

"Everybody has a version of you, But you're still figuring out what you need to do. No matter what you do, even when you're blue, you've got the power...to make it through."

One thing I hope you'll carry home with you is this: Your stomach may still get tied in knots. Your brain may still fill up with thoughts. But now you know where to look when it gets hard to see the way forward. ♦ When life gets heavy again—and it will—I hope you'll remember this place. Remember this family. Not because CAMP has all the answers, but because it pointed you to the One who does.

The lantern we've carried with us this week is meant to be carried into the darkness, revealing the path before you and helping others find their way too. In the same way, the light God placed within you was never meant to be hidden. It was meant to shine.

The love of God, the power of the living Christ, and the light He placed within you do not stay here at CAMP. They go wherever you go.

You've got the power...the Power of YOU!

"If you're feelin' blue and you don't know what to do, if you're feelin' low and you don't know where to go...you can Count On Me! — Janny Brizius, (1998 CAMP Theme Song)

"Your word is a lamp to my feet and a light to my path." —Psalm 119:105

NOTES:
