SPRINGTIME! (FINALLY, MAYBE?)

GOD, IN HIS WISDOM, IS A WONDERFUL TEACHER. The seasons of the year teach us many lessons if we pay attention. Today, let's take a look at Springtime which I'm sure is the favorite season of many of us.

Well, finally after a long and hard Winter, Spring arrived-- only for us to realize that Winter felt she was not yet finished, and she was not going to give up that easily. Many of the early flowers and blooming trees gave in to the stubborn Winter, but not the daffodils!

Though she had experienced the ice and snow that Winter had brought, they refused to give up! They knew they had a job to fulfil by fitting their special piece into the Puzzle called "Spring!" So, they shook off the snow and ice, picked up their drooping heads and stood tall. (Again, bringing to the puzzle their very best of Springtime beauty!) Indeed, the disappointment of Spring's interruption could have broken the spirits of many a strong person, but the daffodils kept us all from this discouragement and depression by standing tall. Thanks to this lesson, which is, "YES, YOU CAN!"

SPRINGTIME AND THE DAFFODILS TEACH US DETERMINATION. We are stronger than we think, and each Springtime assures us that we can always have a new start if we just trust God's Wisdom with the seasons of our lives and have courage to begin anew!

Thank you, God, for this lesson from the daffodils!
