

# MORNING WATCH

for the week of May 1, 2022

## ASK, SEEK, KNOCK

**TODAY is not the first time that Morning Watch has compared The Holy Spirit to the Internet. There are many comparisons, but also many contradictions. Most of us using the internet have had the experience of having it “Go Down” just as we were about finished with a project, etc. That’s not ever going to happen with “God’s Internet”, Not Ever! We may get a notification, however, just as we sometimes do with the ordinary internet, “Check to make sure your device is plugged in to the power source”/ or “Check to make sure you do not have too many apps opened.” (This reminder is a built-in one, installed by our Creator before we even knew anything about an internet.) Well, He was not talking about THAT INTERNET- but HIS internet called prayer! So, if indeed, you are not having the success in your prayer life that you would hope for. please check to see if you are plugged into the Power Source, and also that you are not so distracted by this, that and the other things that your prayers is getting lost in the process! *“Ask, and you shall receive / Seek, and you will find/ Knock, and it will be opened unto you.”***
