

A Forward-Looking Morning Watch

for the week of August 15, 2021

**"Steppin' out to a new tomorrow,
Steppin' out to a brand-new day.
I'm leaving' lots of 'stuff' behind me,
'Cause I'm headed for a better way."**

The first week of August a group of former campers, staff and their kids shared time together at Tar Hollow Resident Camp which has been our CAMP home for 50 years!!!--but this year it was different. None of us knew what to expect from this "Forced upon us" experiment. Well, it turned out to be SPECIAL! I think I can speak for surely most of the group when i tell you, "We were all humming the tune of the above Theme song as we packed up to head home.

Indeed, we are "Steppin' out to a New Tomorrow. Like most of the world, CAMP has gone through some tough times these past two years. (IT'S TIME FOR A NEW START!)---And not just for the Tar Hollow folks. "Steppin out to a new tomorrow is a great goal for us all, and the good thing about it is--we do not have to wait--we can start TODAY! Indeed, we can combine that old theme with the 2021 theme which was "Paddling past procrastination/ Arriving at my destination!"

**"MAKE A START--HE'LL DO HIS PART
to make our dreams to come true!"**
