

MORNING WATCH

for the week of 8-7-22

Wherever you may be

Our wonderful “week away with God” has come to a close.

BUT NOT AN END!

God in His Wisdom gave us all a wonderful recording machine (our memories.) We can travel around the world in an instant by way of our mind and our memories. In this way, we can search for our special Morning Watch place. This may be at camp or it may be some other special, beautiful place.

Just imagine yourself being there, and then take time to recognize our Heavenly Father as also being there, and share with Him your concerns and your gratitude’s.

I hope you all will take time daily to do this. As mentioned, you can, in your mind, go anywhere at all for this Morning Watch time, but you can also do it at the kitchen table! Or in bed before you climb out for the day! In fact that is a very good time for it

“Good Morning, God!

Let’s do this together today!,,,O.K.?”
