

MORNING WATCH
SUNDAY, AUGUST 1ST 2021

So with this Morning Watch time we sort of begin what should have been our 66th CAMP. I hope we can all think of it as a new beginning, but also as a continuation of what we all know is something very good. This program has survived some very tough times in the past. It took a lot of prayer and perseverance for it still to be in existence this morning. -- but we've been dealing with some really serious issues these past two years, with many detours along the way.

I think it's time for us to jump on ROUTE 66!

Not just a placeholder for our week at Tar Hollow--Not as an alternative to our beloved CAMP, but a CHANCE TO SAVE IT, TO LEARN FROM THE PAST, AND TO KICK INTO HIGH GEAR!

"GET YOUR KICKS ON ROUTE 66!"

(Kick out discouragement) Kick out pessimism) (Kick out Resentment),
and Kick for the goal!

Think of this week as our half-time review--What would Woody tell us? or Urban?
(or Boonie?)

Let's come out of this" locker room morning watch" ready to play and to win!
