Paddling past Procrastination/ Arriving at my Destination

"Folks will tell you the time's not right

and even that you're not too bright"

Even if and when we have a deep desire and plan for a project, we sometimes allow other folks' opinions to cause us to stop believing in ourselves. (This is a different kind of procrastination than the usual kind that all of us tend to experience anyway sometimes!) We really do not need that, too!! Now I'm not telling you not to listen to other peoples' opinions--They CAN be valuable, but they do not have your dreams or your talents. In this case- DO PROCRASTINATE in believing what they are telling you. Given some time and perseverance, you may just show them you were right all along!

LISTEN--- CONSIDER,

BUT DO HOLD ON TO YOUR DREAMS.

God gave you those dreams!

All of our dreams can come true,
If we have the courage to pursue them.

It doesn't matter how slowly you go
As long as you do not stop
