

## MONDAY'S MORNING WATCH

### FINDING MY PIECE OF THE PUZZLE

To first-time campers and staff CAMP is a BIG PUZZLE! Yes, even to those who have been attending CAMP for many years tend to ask, “How does this strange entity work so smoothly? -- and year after year become an even more Thing of Beauty?” Our theme this year answers that question so perfectly! Though each of us arrives here so different from one another, and indeed do remain different, in a very short time we become a part of a very beautiful picture! which is hard to explain, but none- the- less true! CAMP is indeed a beautiful picture, and it happens because each of us bring our individual talents and abilities to make it work. Jesus instructed us to “Love One Another” (His only commandment to us!) At CAMP we come very close to achieving this goal by “finding our piece of the puzzle to make the picture beautiful.”

---
