

## Tuesday Morning Watch

### FINDING MY PIECE OF THE PUZZLE

By now each of us has had a chance to start discovering what our piece of the puzzle looks like.

Maybe we haven't found out yet, but there is no rush--Just let it happen! Chances are we may just surprise ourselves! Are you happy with the classes you chose? Have you found that in one or more of them you have an aptitude or talent? Maybe you have discovered just the opposite which is, that direction is not your thing!! That is just as important! We really never know until we try! "Try" is a very important word/ So is "can't", but one is positive and one is negative.

Write "C A N ' T"--A VERY DEFEATING WORD.

Now-after the N, remove the apostrophe and then after the "T" add "ry". What's left? **CAN TRY.**

**(Remember this illustration every time you want to say "I can't") Chances are that is not true, but "I Can Try" is!**

---

**YES, YOU CAN!**

**CAN DO, CAN DO -WITH THE LORD RIGHT BESIDE ME- CAN DO!**

**And you may just be well on your way to finding your piece of the Puzzle called CAMP!!!!!!**
