RE: Kevin Reiman
Auburn Public Schools Superintendent

To whom it may concern:

It is with pleasure that I recommend Mr. Kevin Reiman for a position with your school. Mr. Reiman has established consistent administrative skills that provide smooth school functioning and a high standard of student academic achievement. This is evident in our recent accomplishments as a school with high achievement scores and a positive environment.

Personally, working with Mr. Reiman has been a very positive experience. He often wears numerous hats, whether it is interacting with students, administrators, teachers, coaches, meeting with parents, or communicating with other school districts. He also serves on several committees and submits all required data to the Nebraska Department of Education in a timely manner.

Mr. Reiman works well with our teachers and has developed positive relationships with them and the students. He is highly respected team member. He is committed to academic excellence through his efforts in committees and working with others on the team. He is an incredible problem solver. One recent example is his support for our "ICU" program where students are accountable for all assignments. Mr. Reiman helped us develop strategies to take this program to another level and help our students succeed.

School activities would not be as successful as they would without Mr. Reiman's keen abilities in this area. He is very knowledgeable of what our activity needs are and takes care of any issues related to this area. Mr. Reiman is a leader that recognizes the importance of quality instruction in the classroom. One recent accomplishment was the successful implementation of "The Bulldog Way" a program to enhance our leadership of students. Mr. Reiman would make a fine candidate for an administrator in any school setting.

Please do not hesitate to contact me if you should need something further. I can be reached at 308-883-2526.

Respectfully,

Marty Hughes
Auburn Public Schools Principal Grades 6-12
