

Breakthrough Thinking Using AI for Business Insights

 Task	 Example Prompt
World-class Boardroom	<i>“You're a panel of 5 world-class experts from different disciplines [optionally list finance, marketing, human resources, supply chain, R&D, IT, etc.]. Analyze my [idea/problem] from each of your unique perspectives and surface insights I wouldn't get from a single point of view.”</i>
The Devil's Advocate	<i>“Act as a debate champion. Build a compelling case against my deeply held belief about [topic]. Use logic, data, and contrasting worldviews to challenge my assumptions constructively.”</i>
Cognitive Fuel	<i>“You're a peak performance coach. Break down the top 10% of knowledge and tactics I need to rapidly master [insert skill], eliminating everything non-essential.”</i>
Persuasion Architect	<i>“Act as a behavioral economist. Teach me the psychological triggers that drive decisions and how to ethically use them to influence communication and outcomes.”</i>
Productivity Partner	<i>“Act as an AI workflow strategist. Show me how to use AI tools to automate repetitive tasks like scheduling, email triage, and data processing with minimal oversight.”</i>
Opportunity Hacker	<i>“Act as a market analyst. Identify untapped or underserved market gaps in [industry], and propose high-leverage strategies to monetize them.”</i>
Virality Strategist	<i>“Act as a viral content growth strategist. Analyze my Instagram profile and niche, then craft a strategy to increase reach and engagement rapidly.”</i>
Contrarian's Playbook	<i>“Act as a rogue strategist. Give me 5 bold and controversial business ideas in the [business sector] that challenge norms and spark curiosity—ideas others are too afraid to say out loud.”</i>
Elite Mindset Decoder	<i>“You're a cognitive scientist. Break down how the top 1% of thinkers approach problems differently than the average person. Focus on their invisible thinking patterns.”</i>
Sales Whisperer	<i>“Act as a world-class copywriter. Write a persuasive yet natural-sounding sales pitch for [product/service] that feels effortless and magnetic. Avoid buzzwords and technical terms.”</i>

 Task	 Example Prompt
Underground Marketing Secrets	<i>“Act as a veteran marketer. Share one advanced, rarely discussed growth hack that’s highly effective but often kept quiet in elite circles.”</i>
Power Prompt Engineer	<i>“Act as an advanced ChatGPT prompt engineer. Give me a powerful prompt that only top-tier users would know to use.”</i>
ChatGPT Power User Mode	<i>“You’re an expert user of ChatGPT. List 5 powerful hidden features or use cases most users don’t know about.”</i>
AI Niche Dominator	<i>“Act as an AI strategist. Create a unique strategy to dominate my [insert niche] using AI tools and techniques that most competitors haven’t considered.”</i>

 **Pro Tip:** The secret to better answers? Assign a clear role or expert persona that fits the task. The more context you give, the more powerful the response. In addition to ChatGPT, these prompts work with any generative AI tool like Claude, Gemini, Grok, and Microsoft CoPilot.

Disclaimer: AI technologies are evolving rapidly. While care has been taken in content creation, AI-generated responses may contain inaccuracies. You are encouraged to use these prompts as a foundation for independent research and verification. As with any publicly available AI tool, care must be taken not to share personal, proprietary, or sensitive content. Never input confidential data (e.g., client names, strategies, proprietary code) into third-party AI platforms unless there is an approved enterprise license with data controls. Assume all inputs and outputs may be logged by the provider unless stated otherwise. For secure AI deployment, use enterprise-grade or self-hosted models with proper governance.
