# 'Amethyst'

Hybridizer: Summerville

Year: 2019

Color: Lavender

Code: 377

Season: EM

Beautiful smooth shade of amethyst lavender certain to become the "gem" of your garden. Lightly ruffled florets carry the smooth color inward to a lighter, almost white throat and reveals a small darker blotch.

Photo courtesy of: Summerville

# 'Amís'

Hybridizer: Jiri Václavík

Year: 2009

Color: Pink

Code: 465

Season: M

Brilliant hot pink flowers with shimmering cyclamen highlights on the lower raspberry-purple petals. The flowers have a dense waxy texture, firmly held in a perfectly two-row inflorescence. Holds 9-10 simultaneously open flowers from 22-24 buds in a spike.

Photo courtesy of: Meyer

# 'Barbríe'

Hybridizer: Selinger

Year: 2016

Color: pale lavender

Code: 471

Season: LM

Pale lavender highlighted by deep lavender brush marks; 4 3/4" floret, 29 buds, 10 open, 7 in color. Flowerhead 29", field height 66", 85 days.

Pillow Talk x Junesque

Ed Squires Award Winner

# 'BOY O BOY'

Hybridizer: Labrum/Hartline

Year: 2005

Color: cream

Code: 310

Season: M

Exquisitely waxy, heavily ruffled beauty like chiseled wax. A lovely cream with 3D glowing saturation. Holds open 8-9 very formal florets on sturdy flower heads of 27 inches with good bud count. Very fancy.

Almost Heaven X Ruffled Petticoat

# 'Early Display'

Hybridizer: Peeters

Year: 1999

Color: pink

Code: 342

Season: VE

Very early way to start your cutflower season. A light dusty pink that is a prolific propagator.

Photo courtesy of:

Peeters Enterprises Gladiolus

Fireball II (Файерболл II)  
455-рс-94 Беймс

# 'Fireball II'

Hybridizer: Bates

Year: 1994

Color: medium-red

Code: 455

Season: EM

This is a fiery medium red with a veined yellow throat. A formal growing glad, in a loud color. Large bulbs produce 32" flower heads and open 7 of 23 buds formally.

Parade x Matchmaker

Photo courtesy of: internet

# 'Floret of Fern'

Hybridizer: Ciplijauskas

Year: 1998

Color:

Code: 473

Season: M

One of the best from Europe.

Heavily ruffled light lavender  
blending to a cream throat.

Opens 8-9 in formal placement  
on a 30" flowerhead.

Exceptional beauty.

Priscilla x Drifted Snow

Green Goddess x Green Beret

Photo courtesy of: Meyers

# 'HMS Star Dust'

Hybridizer: Welcenbach

Year: 1999

Color: Dark red, tan & gold

Code: 157

Season: VE

Tiny, very early-blooming variety that is a true *primulinus gladiolus*. Dark red with a tan and gold throat, this one will delight you and will certainly be one of the first in your garden to bloom.

Photo courtesy of: *Summerville Glads*

# 'Hushed Waters'

Hybridizer: Fischer/Madson

Year: 1996

Color: Bluish Purple

Code: 483 M

Season: M

Beautiful Shades of Bluish Purple

Photo courtesy of: Meyers

# 'Irenes Green'

Hybridizer: Croteau

Year: 2000

Color: Green

Code: 304

Season: EM

This pastel green is a welcome addition to green gladiolus. Long 30" flower heads have excellent placement of the ruffled florets. A glad selected for superb use in baskets and arrangements. Formerly, it received the Grand Champion Seedling Award at the Empire State Gladiolus Society Show in New York.

Photo courtesy of: Jim Green

# 'Jack Pot'

Hybridizer: Larus

Year: 1969

Color:

Code: 233

Season: VE

This beautiful small flowering butterfly gladioli will reach 60-70cm. They are of extraordinary texture and the unique color make them an outstanding option for decorative garden/cut flower displays. This particular variety will show salmon orange flowers, with yellow heart.

Color: Pink & Purple

Code: 401

Season: LM

Braircliff x Jester x (Limelight x Apollo) I

Photo courtesy of: Meyers

# 'Santa María'

Hybridizer: Saran

Year: 2015

Color: White with wine red rays

Code: 401

Season: LM

The snow-white basic color of the flowers is infused with distinctive, wine-red rays in the throat. Very firm, beautifully woolly flowers with high waxiness, arranged in a great double row with 27-29 buds. As a seedling highly rated at all shows.

Photo courtesy of: Lukon

# 'Shiloh'

Hybridizer: Summerville

Year: 1982

Color: Yellow, Ivory & Red

Code: 315

Season: M

Recently elected to the Gladiolus Hall of Fame, Shiloh is a precisely ruffled, tri-color in medium yellow with ivory cream on the upper petal extremities with an explosive, spectacular red blotch. It has tall, straight spikes with great consistency.

Photo courtesy of:

# 'Spring Green'

Hybridizer: Hartline

Year: 2013

Color: yellowish green

Code: 403

Season: M

Pale yellowish green with wine color deep in throat & a fine wine stroke on the lower petal. A 4 3/4" floret w/ 25 buds, 11 open, 8 in color. Flowerhead 28", field height 56", 78 Days.

Photo courtesy of: Peeters Enterprises

# 'Star Performer'

Hybridizer: Hartline

Year: 2007

Color: rosy lavender

Code: 377 (AA)

Season: M

This bright rosy lavender with a prominent white throat blotch overlaid by a diamond shaped red rose mark is sure to please. The lightly ruffled florets of heavy substance are well attached displaying formal placement. A beautiful cut flower that will show well across America. On top 10 show report.

**ALL-AMERICA**

Peeters Enterprises Gladiolus

# 'Status Symbol'

Hybridizer: Sprinkle

Year: 2008

Color: Pink & White

Code: 435

Season: EM

Very pure pink with a large glittering white spot, perfectly accurate slim, long ears, excellent variety. Very similar to Doris Darling in style and performance. Opens 8 buds out of 24 -25 on a 32" flower head.

Photo courtesy of: Gladiola Garden

# Togo

Hybridizer: Saran

Year: 2011

Color: Dark Red

Code: 358

Season: M

Deep Dark Red, Nice ruffling

Fire Frenzy X Ebony Beauty

Photo courtesy of: Meyer

# 'Tongue-N-Cheek'

Hybridizer: Bowen, Ron

Year: 2017

Color: orange

Code: 325

Season: M

Outer petals orange blending yellow with cherry red center. 21 buds, 6 open, 5 in color. Flower head 26", field height 54", 73 days.

Raspberry Swirl x Sportsman

Photo courtesy of: NAGC

# Vestocka

Hybridizer: Murin

Year: 2000

Color: White

Code: 401

Season: E

The luminous, white color of the flowers is infused with a pinkish tint. The lower petals are light cream, later white. There is a distinctive, contrasting crimson eye in the throat. The spikes have a two-row arrangement, bear 22 to 24 buds, open 7 to 9 flowers. The flowers are nicely wavy, excellent waxy substance.

Photo courtesy of: Lukon
