

You can follow Powerline Road (shown in white) or the other route (indicated in pink) out of FRE, both of which are on BLM land.

The fire department warns that S. Century may be blocked with firefighters' trucks and equipment, so an alternate route is recommended in that case.

Which ever route you choose, once you reach W. Deschutes River Road:

- You can follow it to the Fall River Tubes and up to S. Century Drive.
- Or, you can follow Powerline Road to the dirt road (indicated on the map with a green line and arrows) to La Pine State Park, from there, follow State Recreation Road to HWY 97 – about 5 miles.
- Or, you can follow W. Deschutes Road South West to Burgess Road – about 5 miles.

Note: Exit from either Jack Pine Rd or Mountain View Rd. Mountain View Rd has a locked gate – the combination code of this gate can be gotten from the HOA Board or our Firewise Representative.
