A meeting was held on February 25 at the Township building. In attendance was Supervisor Potts, Mike Lokuta, Luigi DeFrancisco, Gary Coburn, and John Lawrence

There was discussion on the following topics:

SALDO Ordinance: the township is proceeding to establish their own Ordinance even though the county has clarified some sticking points the final approval must be by our elected supervisors

ARCH UPDATE: research on the history of the arch is ongoing and grant opportunities are being looked at as there is an estimated cost of 50 thousand dollars for the project.

LUCKY LANE: Gary Coburn has visited the owner and tried to discuss options, meanwhile Luigi has researched a landlord/tenant Ordinance that could be incorporated with the Saldo Ordinance

PENNDOT: research is being done to meet with Penndot and discuss the 408 and Lyona intersection, the 408 and 77 ntersection. Even though the Maplewood Elementary school is not in Richmond the times of dismissal are dangerous

PLAYSPACE EQUIPMENT: we will begin looking for state grants to update some equipment with an estimated cost of 25 thousand dollars
