

**Question:** When do I have the oral interview?

**Answer:** Once you received notification from the Dubuque Electrical Apprenticeship Office that you have passed the aptitude test; another letter will follow informing you of the date, time, and location of your interview. In some cases, the interview information may be included in the aptitude test results notification letter.

**Question:** How long is the oral interview?

**Answer:** The actual oral interview lasts from ten to twenty minutes.

**Question:** What happens after the interview?

**Answer:** After each applicant's interview the committee scores the applicant, the average of all the scores will be used to determine where the applicant is placed on a Two-Year list. All Applicants will be placed on the two-year list in the order of their interview score and will remain on the list for two years or until they are selected. The two-year list contains the score and name of all applicants who qualify for apprentice selection after completion of the interview stage of the selection process.

**Question:** When will I know the results of the oral interview?

**Answer:** The office will need some time to process the interview results. As soon as the results have been determined, the Dubuque Electrical Apprenticeship Office will notify you of your interview score. This may take a week. You will only be told what your interview score is, you will not be told where you rank on the two-year list.

**Question:** When will I start the apprenticeship?

**Answer:** First on foremost there must be enough work to necessitate the hiring of apprentices. Contactors will request apprentices based upon need. The top applicant on the list will be contacted. A certified letter will be sent on the date of first contact. The applicant will have 10 days from the date of the letter to accept the offer or the offer will be withdrawn.

**Question:** What happens after I am offered an apprenticeship?

**Answer:** When the applicant accepts the offer they will be immediately scheduled for a drug screen test and will be given further instructions in preparation for being assigned to begin work.

**Question:** What happens if I don't pass?

**Answer:** When an applicant does not pass their drug screen test, they are contacted and notified by certified mail that the offer is rescinded. They are removed from the two-year list and must start the application process from the beginning.

**Question:** What happens if I can't start the apprenticeship when it is offered to me?

**Answer:** The applicant will have 10 days from the date of the certified letter to accept the apprenticeship offer and 14 days from the date of acceptance to start work in the program. If an applicant cannot meet the program starting date requirements the offer will be rescinded. The applicant will be dropped from the two-year list and the next applicant on the list will be offered the open position.

When an applicant is dropped from the two-year list for any reason they must start the application process from the beginning, as if they never applied for the apprenticeship before. Depending upon when you interviewed, the selection process may still be months away. Most committees select apprentices in late spring and only one time per year.

IT IS IMPERATIVE THAT YOU KEEP THE DUBUQUE ELECTRICAL APPRENTICESHIP OFFICE CURRENT WITH YOUR ADDRESS AND CONTACT INFORMATION. FAILURE TO DO SO COULD MAKE IT IMPOSSIBLE TO CONTACT YOU IF YOU ARE SELECTED.

### Application Request Form:

The request form sheet provides you with all the information you need regarding the documentation that is required to begin the process. It also informs you of the basic qualification requirements for our program and the specific areas of jurisdiction. A copy of the request form can be picked up at the IBEW Local 704 Union office located at:

1610 Garfield Ave.  
Dubuque, IA 52001

This form must be filled out and returned with any required documentation to begin the next step in the process.

**Application:** Upon receipt of the completed application request form, you will be sent an official application. After you complete the application and return it to the Dubuque Electrical Apprenticeship Office, with all required documentation, you will be scheduled for an aptitude test. The aptitude test is generally given twice a year, once in February and again in April, at a location provided to you by our Training Director. Please pay close attention to the instructions included on the form. All the requirements on this form must be completed for your application to be valid and complete.

You must provide at a minimum the following:

- a copy of a current valid driver's license
- a copy of your high school transcripts (the transcripts must verify that you have satisfactorily completed one year of high school algebra with a passing grade and graduated high school)
- must have completed one year of high school algebra or one semester of college algebra with a passing grade (pre-algebra does not qualify)
- must be a high school graduate or have a GED certificate

**Aptitude Testing:** A booklet has been prepared by the National Joint Apprenticeship and Training Committee to help applicants understand the type of questions that will be asked on the aptitude test. We recommend all applicants request this booklet.

**Question:** When do I take the aptitude evaluation test?

**Answer:** Once you have provided the Dubuque Apprenticeship Office with ALL of the paperwork mentioned above and your application. You will receive a letter informing you of the date, time, and location of your aptitude test.

**Question:** How long is the test?

**Answer:** The test lasts approximately two and one half to three hours.

**Question:** Where do I go to take the test?

**Answer:** The location of the aptitude test will be provided to you by the Training Director of the Dubuque Electrical Apprentice Apprenticeship. The testing location will be in Dubuque, IA. To ensure you do not miss the scheduled test, please read all communications sent to you by the Dubuque Electrical Apprenticeship Office carefully.

**Note:** a valid driver's license is required as a means of identification for the aptitude test. (if you do not have it with you, or it is not valid at the time of the test, the applicant will not be allowed to take the test.)

**Question:** What happens after the aptitude test?

**Answer:** You will receive notification by mail informing you that you did or did not meet the minimum required test score, which is a four (4).

**Question:** When will I know if I passed?

**Answer:** Aptitude test results are received by the Dubuque Electrical Apprenticeship Office in about 3 to 4 days after each test. A letter will be sent to you as soon as the Dubuque Apprenticeship Office receives those results.

**Question:** I passed the Test! What happens now?

**Answer:** You will receive a notification/invitation by mail informing you of the date, time, and location for your oral interview. Please make sure you read the notification letter carefully, anyone not able to attend the scheduled time can re-schedule and interview at a later date. In most cases that date is undetermined at the time of the original interview date and could be months later.

**Question:** I did not pass the aptitude test, what happens now?

**Answer:** You will receive notification informing you that you did not pass. You will not be able to test again for at least six months after failed test date.
