

## Leland Bond–Music Services

### COMPOSING

Music is the sound of emotion. My passion as a composer is to give voice to those emotions, helping you create a deep and meaningful connection with your audience. Whether for film, television, or media, I craft music that enhances and elevates your story.

### ORCHESTRATION

Bringing music to life requires careful orchestration. I collaborate with composers to refine and shape their works for live performance—whether with an orchestra, band, or ensemble. My services include:

- Cleaning up MIDI files for accuracy and clarity
- Making informed orchestration decisions
- Preparing fully realized scores

With a deep understanding of orchestral performance and sight-reading constraints, I ensure that the music is both playable and impactful.

### MUSIC COPYING

Precision matters when it comes to performance-ready scores and parts. My music copying services ensure:

- Accurate extraction and transpositions
- Error-free notation and formatting
- Well-prepared materials for smooth recording sessions

Everything is delivered in advance so musicians can focus on playing—not fixing mistakes.

### MUSIC PRODUCTION LIBRARY

Discover an extensive library of production music, designed for film, TV, and multimedia projects. Our intuitive search system is built around five core emotional themes:

- Joy, Happiness, Triumph
- Humor, Fun, Funny
- Fear, Anxiety, Energy
- Mystery, Fantasy
- Sorrow, Pain, Defeat

Each track is meticulously tagged with keywords, descriptions, instrumentation, key, and tempo—making it easy to find the perfect piece for your project.

### MUSIC USAGE

Whether you need a ready-to-use track or a custom composition, you have three flexible options:

1. Select a track directly from the library.
2. Customize an existing track to better fit your needs.
3. Commission a bespoke composition tailored to your project.

Every piece in the library maintains the highest musical standards, delivering a sound that resonates with quality and integrity. Browse the collection online or reach out with any questions.
