What is Never Again?

Kristallnacht and Other Lessons from the German-Jewish Past

November 14, 2024 | Thursday | 6:00 PM

Panel Discussion - University of North Texas

The German Club in collaboration with The Jewish Studies Program and the Department of World Languages, Literatures, and Cultures.

On the night of November 9, 1938, Nazi paramilitary forces attacked, burned, and looted over a thousand Jewish synagogues throughout Germany and Austria. The attack, organized by Nazi party leaders, also led to the death of almost 100 Jewish people and the arrest of about 30,000 Jews by the Nazi authorities. *Kristallnacht* – literally: night of crystals, referring to the crystal glasses of the broken synagogue windows – marks a turning point in German-Jewish history, which has

ultimately led to the mass murder of Jewish and other people in the “Final Solution”: the Holocaust. November 9 also marks other pivotal events in German history: From the November Revolution of 1918, which brought an end to German monarchy; and the Beer Hall Putsch of 1923, Hitler’s attempt of insurrection against the democratic Weimar Republic; to the Fall of the Berlin Wall in 1989, which marked the end of the authoritarian socialist regime in East Germany.

The term “Never Again” is being used often in these and other contexts, in the call to prevent a repetition of these and related historical catastrophes. Yet the meaning of the term may require clarification and reactualization. In this event, UNT faculty and students will discuss and analyze the meaning of the term “Never Again” in light of the historical significance of *Kristallnacht* and other lessons from the German-Jewish past, reflecting on the meaning of the term in understanding the past, rethinking the present, and building a better future, both locally and globally.

Panel discussion participants include Dr. Asaf Angermann, Assistant Professor of Philosophy and Religion and Director of the Jewish Studies Program; Dr. Cindy Renker, Principal Lecturer of German and Jewish Studies, and Dr. Christoph Weber, Professor of German and Chair of the Department of World Languages, Literatures, and Cultures. Opening remarks will be delivered by Dr. Albert Bimper, Executive Dean of the College of Liberal Arts and Social Sciences and by Christian Gonzalez, President of the German Club Student Organization.

Good afternoon,

My name is Jennifer McCollough, and I'm a Regional Director for Greenheart Exchange. We're a nonprofit that helps to bring exchange students to the US. I have several German exchange students still needing host families, and I'm hoping someone with the Dallas Goethe Center could help. As I'm sure you're aware, German teens love coming to Dallas, so I'm hoping you might mention this to those you know or your families.

To learn more or see their bios, you can visit our [website](#). I'm also happy to answer any questions.

[Host an Exchange Student](#)

Bring the world to your community by hosting an international student with Greenheart Exchange!

greenheartexchange.org

We do pay \$1,000 per referred host family, so if the Dallas Goethe Center (or a member of it) can refer a host family, please let me know! It's getting very late in the placement season, so students really needing to be placed with a host family in order to be able to participate in the program. I'd appreciate any assistance you might be able to provide. Thank you so much for your assistance. Jennifer
