Information About the Camp

Each summer the Wisconsin Land and Water Conservation Association hosts two conservation camps for Wisconsin students. There is a middle school camp and a high school camp. The middle school camp is held at Upham Woods in Wisconsin Dells and this year it takes place June 15-18th. It is for students who will be entering grades 6-8 in the upcoming school year. These camps provide positive educational outdoor experiences, foster an appreciation for nature, and introduce a variety of careers in natural resources and conservation. Professionals from various agencies present programs on topics like wildlife, habitat, water quality, fisheries, forestry, orienteering, and canoeing. These professionals, as well as adult volunteers, serve as overnight staff and group leaders for the duration of camp. Campers can make new friends, participate in hands-on activities, practice social & leadership skills, enjoy the outdoors, and just have fun!
