 Best school in pune for children with special needs. My daughter has been going to sunshine for the last 2 years. It has been a big step forward in her learning and has made a big difference to her overall personality. Dr. Tejaswita and the entire sunshine team puts in lots of effort in the all round development of each and every child at the center. Just be there for a day to see the energy and the difference sunshine makes to all the kids

 It's a place you can trust for your child. We started, when Vedant turned 10 and saw much improvement already. Thank you @tejaswita Ma'am. The only thing we regret is we started very late, Wish we knew about the school a little earlier!

 It's the best school for special needs, we have been a part of this school since 6 years. Our child has only n only progressed. He has been suprising us with all that he has learnt at school, it only proves that our kids are not at all different from Neurotypical. It's the best school in Pune for sure

The Science day has been a fantastic opportunity for children to show case their skills. It was a very well organised event. All the kids displayed confidence while explaining their particular projects. Kudos to all the teachers and support staff for the assistance and support to the kids to make this event a grand success. This is much appreciated.

I am absolutely sure that this place is the best place around Pune for special needs children one can ever find. I have personally experienced it for more than 4 years, their kind and hard-working way, never give up Spirit and try things differently for each kid to get the desired outcome for children. Team Sunshine always work with each as they are their own kids. And I can't forget to mention the Best Leader Sunshine can ever have inform of Dr Tejaswita Sawant, hats off to her for her dedication...

It was really a great experience to see how much the teachers and therapists are dedicated towards the betterment of these specially abled children. The way they treat the children with immense love and care and their hard work and fondness in providing education is more than enough for these children to excel in their life.

It was a great experience Visiting Sunshine child development center for special children was a truly eye-opening experience. I was greeted with warm smiles and hugs from the children, who were all unique and had various disabilities. The teachers and staff at the school were incredibly dedicated and passionate about providing the best education and care for these children. Witnessing the students' progress and happiness in a safe and inclusive environment was heartwarming and left a lasting impact on me. Overall, it was a humbling and inspiring experience that taught me the importance of empathy and understanding towards those with special needs.
Thank you Girish Sir and Dr Tejaswini Sawant mam for giving us an opportunity to visit your centre.

This developmental center not only takes care of disabled children but also prepares them to stand independently for their bright future and is ready to go to any lengths to remove the word disabled from the lives of these children. It is not just therapy and nursery but here children are given schooling according to their ability which is very important for them.

My younger brother, diagnosed with Autism, has faced numerous challenges with behavioral issues, sensitivity, and hyperactivity. I can't thank Team Sunshine and especially his class teacher, Kalpana madam, enough for their heartfelt efforts in helping him overcome these obstacles. Sunshine isn't just a school; it's more like a family. Here, we're given the chance to witness our kids participating in and enjoying various festivals and occasions, and we get to be a part of those moments ourselves. It's rare to find such a supportive community, and I'm truly grateful to be a part of this lovely institution we call the Sunshine family.

My daughter is student of sunshine school. Thank you to Dr.tejaswita sawant maam & all sunshine school staff takes tremendous efforts on all special children's for their development. As a parents ,we are so fortunate for having such a caring & loving teachers & mavshi. Due to the efforts of prjakta maam & physio therapist maam with their so much dedication & determination we hav seen improvement in our daughter.so we are highly recommending parents of special children's to enroll their children in sunshine school . Dr.tejaswita sawant maam & girish sir are the strong pillar of this school .they work hard for the betterment of school.

A place where professionals are treating Children with developmental delays and other conditions helping them ,caring and providing assistance and coordinating with the parents for the improvement .
As a nursing student this was one of the visits that provided us insight on these topics and the importance of patience and consistency.
The amount of love and care that each one of them have is heart clenching and this is one of the best places for the treatment of any child with these conditions.

As the name is, Sunshine, the place is full of warmth and adorable teachers, special educators, and therapists. The empathic quality in them makes them different from all the other people in the field. The Sunshine family is full of kindness and tolerance easing the kids to nurture in the best way possible.

Interning at Sunshine was a very enriching experience. The exposure and knowledge the got from here are unmatched. I have learned a lot in all domains of work required with children.

Thank you, Sunshine :')

Best school for differently able children. Sincere and continuous efforts towards the overall development of each child by each member of school. Dr. Tejaswita, doing her best in every aspect of special schooling. Academics, sports, performing arts, day to day activities, health issues and personality development. Providing a true rehabilitation includes Occupational Therapy, Speech Therapy, Special education for all students of Sunshine. Sunshine team is like family to me. PROUD to be a part of SUNSHINE.

One of the best places for a special needs child to grow to full potential. Few highlights of the school.

1. Dedicated staff where maushis treat children even better than their own child.
2. The management is family to all parents. There are many instances when Dr. Tejaswita went beyond the call of duty to support family of children.
3. Safe and close walled building with very less vehicle movement.
4. Lesson/Development Plan for each child is prepared separately and discussed with parents on a monthly basis. Notwithstanding this, the principal is approachable any time during the day.
5. Lots of seminars/sessions conducted for parents.
6. School is associated with other ventures like Jumping Gorilla for overall growth of the child. Additionally there is skating classes being conducted within school.

It was great to witness the wonderful demonstration of science projects by the lovely kids of Sunshine. Some of the projects were explained in such a manner that it can anytime beat a neurotypical kid. It was a great initiative by team Sunshine. Kudos to all the mentors for such awesome planning and execution.
