# NATIONAL PROFESSIONAL AWARDS 2025/2026

## WHY PARTICIPATE

### **NAPA is a platform to...**

#### **Advertise While Having Fun**

A good opportunity to conduct business by advertising companies' products and services in a relaxed and fun networking environment, coupled with lots of anticipation at the Awards Finals with your team over a gala dinner and champagne!

#### **Reward and Motivate Your Team**

Morale at your workplace increases just by being a nominee. Staff enjoy working for companies that achieve. Winning or being shortlisted for an Award makes employees feel their contribution to the business is recognised.

#### **Feedback**

You will receive valuable feedback from our panel of impartial independent, and expert industry Judges. Make it through to the Finals and you will receive your very own benchmarked feedback report, which will either provide reassurance that you're doing everything right or offer pointers to help you take your project to the next level.

#### **Professional Networking Platform**

Being a nominee at the National Professional Awards gives you access to the largest network of over 500 business leaders and influencers, including business executives and professionals from a truly diverse mix of companies, whether private or government, large or all within one hour. A one-hour cocktail networking session, allowing the awards, the awarding board, and the honourees cocktail networking session to share ideas with business leaders and senior executives, is allocated before the dinner and awards session.

#### **Return on Investment**

Awards influence buying decisions! Boost Marketing, the largest Awards entry consultancy, found that over 80% of businesses and consumers surveyed were influenced by awards, and almost half (49%) of those surveyed agreed that award-winning suppliers deliver superior products and services. This was the number one factor in selecting the awards, the awarding board, and the honourees.

#### **Winning an Award**

Winning an award can really set you apart from your competitors and help you promote your business. It actually increases your visibility locally and internationally.

#### **Gain Individual and Company Recognition**

Our media and publicity partners will profile you and your accomplishments in the media. The National Professional Awards would be well-publicized. This allows the awards, the awarding board, and the honourees to raise their profile and tell their story. Our in-house such as the African CEO and African Ovation magazines, will also assist your company to get the most out of the awards.
