AXIS® AND WEIGHT KIT

VERSATILITY & EFFICIENCY MEET AT THIS AXIS POINT

This multi-tool machine puts a heavy emphasis on "multi." It performs a ton of jobs – the largest of which is maximizing a crew's time in the field. With its multitude of attachments and capabilities, it's not a machine that will sit idle. And now, with the addition of a weight kit, you get even more stability and lifting power—making it ready for the toughest tasks without compromising performance.

1YR LIMITED WARRANTY

DUAL LIFT CYLINDER ARMS
Strong and self-leveling, they can lift up to 832 lbs. with a tipping load of up to 1,889 lbs.

SELF-LEVELING BOOM
The automatic self-leveling booms that will keep the bucket, pallet forks or attachment level so the operator does not need to keep making adjustments when raising or lowing the boom to allow for more efficient operation.

VARIABLE FLOW SYSTEM
Variable Flow control allows precise adjustment of the hydraulic flow to allow inching when trenching.

OPTIONAL WEIGHT KIT
Adding a weight kit enhances the Axis stability and lifting capacity, allowing it to handle heavier attachments and tougher tasks with greater control and efficiency.
