

## Scott Flipse (2016)

*June 14, 2017: High Performance Building*  
*May 12, 2021: Indoor air Quality*

Native of Boalsburg. State High Class of 1970. Penn State 1975 BS Science (after 3 years in the Architectural Engineering program headed by our own Gifford Albright). University of Pennsylvania MD 1979. Emergency Physician 1982-2012, primarily in Punxsutawney and Williamsport. "Dad" to two (four including in-laws), "Granddad" to four. Designed, built, occupied, and monitored five high-performance houses since 1991. This experience has led to an interest in indoor air quality issues.
