## INTERNATIONAL ASSOCIATION OF TORCH CLUBS INCORPORATED

The International Association of Torch Clubs, Inc., was instituted on July 10, 1924.

### The Emblem

The Torch is the emblem of Light — the light of knowledge which bringeth understanding. It is only by bringing this all encompassing medium to bear upon the relations of men that they may see the many opportunities of service beyond the scope of their individual lives; and only as they recognize and fulfill these common obligations do they attain their higher destiny as men.

### Objectives

To give to the members of the different learned professions the opportunity of meeting together in the spirit of fellowship, to prevent the narrowing tendencies of specialization by developing a breadth of thought and culture, and to foster the highest standards of professional ethics and civic well-being. No club is permitted to sponsor any cause or partisan movement.

### Membership

Members or former members of the following professions are eligible for Torch — actors, actuaries, architects, army and navy officers, artists, authors, certified public accountants, chemists, clergymen, dentists, economists, educators, engineers, journalists, landscape architects, lawyers, librarians, museum curators, musicians, pharmacists, physicians, physicists, research workers, scientists, and social workers.

### Central Pennsylvania Chapter Meetings

TIME: 6:00 P.M. — Second Wednesday of the month (except July and August).

PLACE: The Autoport (unless otherwise indicated on monthly notice).

## INTERNATIONAL ASSOCIATION OF TORCH CLUBS INCORPORATED

The International Association of Torch Clubs Inc., was instituted on July 10, 1924.

### The Emblem

The Torch is the emblem of Light — the light of knowledge which bringeth understanding. It is only by bringing this all encompassing medium to bear upon the relations of men that they may see the many opportunities of service beyond the scope of their individual lives; and only as they recognize and fulfill these common obligations do they attain their higher destiny as men.

### Objectives

To give the members of the different learned professions the opportunity of meeting together in the spirit of fellowship, to prevent the narrowing tendencies of specialization by developing a breadth of thought and culture, and to foster the highest standards of professional ethics and civic well-being. No club is permitted to sponsor any cause or partisan movement.

### Membership

Members or former members of the following professions are eligible for Torch — actors, actuaries, architects, army and navy officers, artists, authors, certified public accountants, chemists, clergymen, dentists, economists, educators, engineers, journalists, landscape architects, lawyers, librarians, museum curators, musicians, pharmacists, physicians, physicists, research workers, scientists, and social workers.

### Central Pennsylvania Chapter Meetings

TIME: 6:00 P.M. — Second Wednesday of the month (except July and August).

PLACE: The Autoport (unless otherwise indicated on Monthly notice).

## INTERNATIONAL ASSOCIATION OF TORCH CLUBS INCORPORATED

The International Association of Torch Clubs Inc., was instituted on July 10, 1924.

### The Emblem

The Torch is the emblem of Light—the light of knowledge which bringeth understanding. It is only by bringing this all encompassing medium to bear upon the relations of men that they may see the many opportunities of service beyond the scope of their individual lives; and only as they recognize and fulfill these common obligations do they attain their higher destiny as men.

### Objectives

To give the members of the different learned professions the opportunity of meeting together in the spirit of fellowship, to prevent the narrowing tendencies of specialization, by developing a breadth of thought and culture, and to foster the highest standards of professional ethics and civic well-being. No club is permitted to sponsor any cause or partisan movement.

### Membership

Members or former members of the following professions are eligible for Torch—actors, actuaries, architects, army and navy officers, artists, authors, certified public accountants, chemists, clergymen, dentists, economists, educators, engineers, journalists, landscape architects, lawyers, librarians, museum curators, musicians, pharmacists, physicians, physicists, research workers, scientists, and social workers.

### Central Pennsylvania Chapter Meetings

TIME: 6:00 P.M. — Second Wednesday of the month (except July and August).

PLACE: The Autoport (unless otherwise indicated on monthly notice).
