Speaker: LLOYD M. JONES

Wednesday, December 14

Topic: *State Legislative Issues*

Speaker: JO HAYS

Wednesday, January 11

Topic: *Strengthening the Free World
Through U. S. Programs of Technical
Assistance*

Speaker: S. LEWIS LAND

INTERNATIONAL ASSOCIATION OF TORCH CLUBS INCORPORATED

The International Association of Torch Clubs, Inc., was instituted on July 10, 1924.

The Emblem

The Torch is the emblem of Light - the light of knowledge which bringeth understanding. It is only by bringing this all encompassing medium to bear upon the relations of men that they may see the many opportunities of service beyond the scope of their individual lives; and only as they recognize and fulfill these common obligations do they attain their higher destiny as men.

Objectives

To give to the members of the different learned professions the opportunity of meeting together in the spirit of fellowship, to prevent the narrowing tendencies of specialization by developing a breadth of thought and culture, and to foster the highest standards of professional ethics and civic well-being. No club is permitted to sponsor any cause or partisan movement.

Membership

Members or former members of the following professions are eligible for Torch - actors, actuaries, architects, army and navy officers, artists, authors, certified public accountants, chemists, clergymen, dentists, economists, educators, engineers, journalists, landscape architects, lawyers, librarians, museum curators, musicians, pharmacists, physicians, physicists, research workers, scientists, and social workers.

WHAT IS THE TORCH CLUB?

Instituted on July 10, 1924, the International Association of Torch Clubs proposes to unite professional men in bonds of better understanding; to afford an opportunity for fellowship; and to promote that culture which is the common background of professional life. As an organization it does not resolve its members into committees for a variety of service. It champions no causes and subscribes to no scheme for community uplift.

It promotes free interchange of opinion among its members on subjects civic, religious, philosophic, scientific, economic, and artistic, and by this comparison of views it stimulates a broader growth of thought and culture.

WHO IS ELIGIBLE FOR MEMBERSHIP?

Men of good standing in any of the professions may be considered for membership in the Torch Club.
