

AZALEAS, 2023

Coral Bells

Abundant coral pink hose-in-hose blooms with darker pink centers and veins make a wonderful spring show. Flowers are backed by tiny foliage on a low spreading form. Zone 6-9, 3ft tall x 4ft wide

Girard's Fuchsia In late April to early May deep fuchsia purple flowers open with lighter spotting in the throat. The large single blooms have a slightly wavy edge to the petal and cover the shrub in a brilliant haze. Dark green foliage takes on a reddish tone in the winter providing a stunning contrast for the spring flowers. Zone 6-9, 4-6ft tall & wide

Girard's Purple

Vivid purple blooms with scarlet spots cover this compact, vigorous azalea in mid-spring; dark green glossy foliage emerges light green-yellow; needs highly acidic and organic soil that is well drained. Zone 5a
3ft x 3ft

Hino crimson

The profusion of single, crimson blooms appear early and continue through spring. Loves the dappled sunlight of a woodland garden. Semi-evergreen. Zone 6-9, 2-4ft Tall x 4-5ft Wall

AZALEAS, 2023

Stewartsonian

Bursts with magnificent red blooms in early spring. The leaves will turn darker as the season progresses. Zone 5-8, 4-5ft Tall & Wide

Hino White

Clean white, star-shaped flowers engulf the evergreen foliage of this fantastic dwarf. Will tolerate some sun in cool climates. Blooms early spring. Zone: 6, 1ft Tall x 2ft Wide

White Rosebud

Buds shaped like rose buds open into a profusion of 2" white blooms with chartreuse throats. Numerous ruffled, overlapping lobes complete the effect. 'White Rosebud' has interesting, **pale green new foliage**. Zone 5-9, 3ft Tall & Wide
