FUN IN THE SUN

Color: Gold suffused with pink

Size: Medium/Upright

Flower: Medium-large, 3-4" diameter, old-fashioned, very double, (60 to 85 petals)

Fragrance: Strong fruity & spices.

Zones: 6-9

This new Grandiflora maintains its color to the end and provides a delightfully intense, fruity scent, inviting butterflies and other pollinators to the

garden. It's a true English-style rose that contains 60-85 petals in each of its 3-4" flower heads, appearing in clusters of 5 or 6 blooms per stem. True to its name, Fun in the Sun thrives in full sun with thorough watering early in the day. It's perfect for bringing a sophisticated ambiance to border gardens. We love it as an eye-catching focal point in bouquets and vases, too.

Pop Art™

Flower Color: Pink & yellow striped.

Size: Medium-tall/Upright moderately spreading

Flower: Old-fashioned, very double, 4-4½" diameter, mostly single, (65 to 75 petals)

Fragrance: Fruity & citrus.

Zones: 5-10

Unlike most striped roses, which typically feature red blooms with light yellow striping, the flowers of this unique variety are pastel pink with stripes that

are deeper yellow. As a non-clustering Grandiflora, its lush flowers grow one to a stem, not together in bunches. You'll appreciate how the glossy foliage sets off the blooms so well. Pop Art offers long-lasting colors, a moderately fruity scent, and very strong resistance to diseases.

State of Grace™

Size: Medium/Rounded & bushy

Flower: Spiraled, old-fashioned & very double

State of Grace exemplifies the improved modern antique style. The stylish, attractive old-fashioned soft apricot-gold blossoms with a dark pink reverse are as beautiful in the garden as in a vase. The old-rose romance, style and fragrance was maintained but we improved the disease-resistance and ensured the plant is very well-balanced with a rounded even habit that is not too tall and rangy so you can still enjoy the prolifically produced blooms at eye level.
