## Where in the World...

In India, The Festival of Colors is celebrated. This festival dates all the way back to the 4th century. It is a time that marks the beginning of spring, and the end of fall. This month, the festival will be celebrated in the United Kingdom. It will be an exciting mix of family workshops and performances and street food. Just like in modern times the streets will be painted with different colors with patrons throwing powder in the air. Have a Holi Holi happy festival with some tea on the side!

## How's it Possible...

On June 22, 1847, the donut was invented by Hanson Gregory. This circle with a hole in the middle that can come glazed, frosted or powdered became one of our favorite tasty treats. Hanson Gregory claimed to have invented the donut while aboard a trading ship at 16 years old. Now you can find donuts all over the world in places like Krispy Kreme, Seven Eleven, and even better Dunkin Donuts where America runs off Dunkin'!

## When Did That Happen...

NBC will celebrate its 95th birthday in June. NBC is a national broadcasting company with the most watched viewers than on any primetime network. NBC first appeared on June 19, 1926, by David Sarnoff. They own news shows like the today show and dateline, and have hosted the Olympics since 1964. Their mascot is a peacock with colorful feathers that represent the color on television. The colors from left to right are yellow, orange, red, purple, blue, and green. NBC is known for making news magic around the world 24/7/365 until the end of time. Since 2004, NBC has also owned Universal Studios. This is a network that will make the world laugh, cry or sit on the edge of a chair. Happy Blrthday NBC!

## That's Incredible!

What is computer animation? It is animation from the computer that uses 3-D designs that you don't need paper to use the animation. This film to have the first early versions of Computer Animation for the light cycle scene. That inspired to make early films with computer animation. Have you seen Disney's Tron? In this movie, the computer will be the Disney villain's enemy. On July 9, 1982 a computer genius named Kevin Flynn (academy award winner Jeff Bridges) got trapped in the computer because of trying to hack into the computer in ENCOM trapping him into the game where love and escape does not compute. That movie got nominated for 2 Oscars. In 022 Tron light cycle coaster will open in Walt Disney World on its 50th anniversary of the resort and its first park. Even if Tron, it will be forgotten it will never lose its identity disk to its fandom.

### That's Trendy!

Have you ever seen puffed sleeves? Well you will see it since it is one of the top 10 coolest fashion trends this summer. With oversized Victorian sleeves making a comeback on clothing items like blouses, swimwear and dresses. You can choose bright colors or dark and style it anyway you like. Party like it's the 1800s with this new summer trend!

### That's Funny!

What did the pig say on a hot summer day?

-I'm bacon!

What do sheep do on sunny days?

-Have a baa-baa-cue

When do you go at red and stop at green?

-When you're eating a watermelon

### That's Twisted!

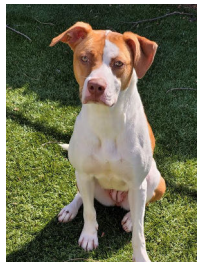

When a doctor doctors a doctor, does the doctor doing the doctoring doctor as the doctor being doctored wants to be doctored or does the doctor doing the doctoring doctor as he wants to doctor?

### That's Inspirational!

"Happiness is not something ready made. It comes from your own actions." - Dalai Lama XIV

### Pet of the Month!

#### The Town of North Hempstead Animal Shelter

Sparkle is a 1 & 1/2 year old Hound mix that came to us through The Shelter Connection's Rescue Program from an overcrowded shelter in Texas. Sparkle is a super sweet girl but currently very shy and nervous in her new surroundings. Sparkle does seem to enjoy walking on our nature trail and will seek affection from you despite being nervous. She loves playing and interacting with other dogs, and in turn gives her a bit more confidence. We believe Sparkle's ideal home would be a family with another well-mannered but confident dog that can "show her the ropes" with no young children. If you are interested in meeting Sparkle please give us a call at 516-869-6311
