Where in the World...

Where can you get live crab from vending machines!? Weirdly enough, in China crabs are caught, packed in plastic boxes, and kept alive in refrigerated vending machines for sale. The crabs are kept between 32 and 50 degrees - not enough to freeze them, but cold enough to make them docile. They sell for between \$1.50 and \$7.50. Once the money's inserted, the crabs drop down to the drawer with an unceremonious plop, something that doesn't happen to, say, bananas in other China vending machines. There is also a guarantee that if you buy a dead one, you'll get three live ones, for free.

What's Going on Here...

Monday Nov 11th: There is an event that is happening at Sunset Park. On Veterans Day, the American Legion Post 509 and Henderson Marino VFW port 1819, will be having a memorial celebration for all veterans and it will be held at John Philip Ssousa Memorial Band Shell. Join them to honor our veterans who served for our country.

Thursday Nov 28th: Join the 44th annual 5 mile Thanksgiving day run in Port Washington. The event will take place on 80 Manorhaven Boulevard from 8:30-10:30 am. The run is to raise money for the Community Chest of Port Washington.

How's it Possible...

Back in 1853, a chef named George Crum was working at the Cary Moon restaurant in Saratgo Springs, NY. One hot, summer day, a customer stepped into the restaurant and ordered the restaurant's well known Moon's Fried Potatoes. Unfortunately, the customer complained that the fried potatoes were incredibly thick. Crum created multiple batches, each thinner than the last, but none were to his customer's liking. Finally, Crum did his best to cut the potatoes paper-thin, deep fried them so long that they became hard and crispy, and then salted them heavily. To his surprise, when he served this batch to the picky customer, the customer was delighted! This dish of thinly sliced potatoes became known as the "Saratoga Chip" and the potato chip was born.

When Did That Happen...

American journalist Nellie Bly, born Elizabeth Jane Cochran, is best known for her amazing trip around the world. On November 14, 1889, she did this trip using only steamship, rickshaw, horse, and donkey. She was inspired by Jules Vernes' 1873 novel, Around the World in 80 Days; of which, William Perry Fogg, an adventurer and author, was the inspiration for the main character. This was an amazing accomplishment because it was done in only 72 days!

Who Knows...

1. The more you take, the more you leave behind. What am I?
2. What has a head, a tail, is brown, and has no legs?
3. Can you name three consecutive days without using the words Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, or Sunday?

That's Incredible!

The tallest man that ever lived set a world record 75 years ago. Robert Wadlow, from Illinois was born with M.F.S (Marfan Syndrome). M.F.S., is a gene disorder where the connective tissue is malformed. This leads to double jointed fingers on both hands and height differences. His astounding mutation made him the first of his "kind." His height of 8' 11" sure grabbed the attention of by-standers, as well as scientists.

That's Trendy!

This fall, being unique is in! For bags, smaller is better. Be on the lookout for people sporting itty bitty bags. What can they even carry in those bags? Good news! Purple is officially going to be the color of fall. Guess what? Not just superheroes wear capes. Look out for many people wearing capes this fall. Besides looking good, maybe they will stop crime as well! Also, just in time for Thanksgiving, feathers are back in style. As the leaves change color, you may find that the Turkey isn't the only feathered friend at your Thanksgiving table.

That's Funny!

Why did the turkey cross the road?
-It was Thanksgiving Day, and he wanted people to think he was a chicken!

What is a turkey's favorite dessert?
-Peach gobbler!

I was going to serve sweet potatoes with Thanksgiving dinner, but I sat on them.
What are you serving now?
-Squash.

That's Twisted!

Ingenious iguanas improvising an intricate impromptu on impossibly-impractical instruments.

That's Inspirational!
