COMPANY PROFILE

INTRODUCTION

High Tower Development & Investment (HTDI) is an Oman Roads & Infrastructures Company based in Muscat. We have been engaged in various prestigious projects in the Sultanate of Oman.

High Tower Development & Investment (HTDI) is one of the successful business groups in the Sultanate of Oman. Established in 2006, HTDI has fostered solid relationships with its clients through integrity, professionalism, and reliability, as well as being the best solutions partner in the Sultanate. HTDI's dynamic growth over the recent years underlines its commitment to its core values and pride in its track record of prestigious projects across the Sultanate. HTDI operates in Muscat, Sur, Muscat, Adam, Al Batinah, Buraimi, Ibri, Nizwa, and Duqm.

HTDI is a Riyada and JSRS registered and active company.

MISSION

To provide our clients with world-class services and exceptional quality, professionalism, and commitment to integrity.

VISION

To become Oman's number one construction equipment and service provider .

SCOPE OF WORK AND DIVISIONS

1 ROADS CONSTRUCTION DIVISION

HTDI's experienced construction team is more than capable of executing challenging bulk work and completing the job on time and according to agreed standards.

HDDI is expert in performing the following works:

All kinds of earthworks, including but not limited to:

- Cutting, backfilling, soil replacement, and excavation.
- Asphalt Laying.
- Mortared and Loose Riprap works.
- Pipeline Trenching works.
- Sewerage Networks.
- Palm Tree Plantation.
- Lagoons.

2 HIRING CONSTRUCTION EQUIPMENT DIVISION

HTDI has extraordinary experience in hiring and managing equipment for mining fields, oil and gas projects, marine projects, airport projects, and roads projects.

In 2017, HTDI oversaw 500,000 hours of equipment operations on our clients' sites.

HTDI provides a variety of equipment for hire, including:

- Dump trucks.
- Excavators.
- Wheel loaders.
- Sweet water and sewage water tankers.
- Roller compactors.
- 3XL, 2XL, and tipper trucks.
- Rock body trucks.
- Flat, box, and lowbed trailers
- Buses.
- Cranes and man-lifts

3 CONSTRUCTION MATERIAL SUPPLIES DIVISION

HTDI is offering its clients a wide range of crushers and earthworks materials such as:

- Aggregates.
- Dune Sand.
- Washed and Crushed Sand.
- Riprap Stone.
- Backfilling Materials.
- Base Course and Subbase.
- Crushed Marble.
- Armor Rock for Marine Works

4 TRANSPORTATION DIVISION

Since its establishment, HTDI's Transportation Division has been at the core of our business and a steppingstone to our growth. HTDI is proud of its success and expertise in the following operations:

- Crusher materials transportation.
- Quarry Blasting and Bulk Materials Transportation.
- Earthwork Materials Transportation.
- Water (Sewage and Potable) Transportation.
- Cement (Bulks and Bags) Transportation.

HTDI is proud of its track record in working with clients to meet challenging scheduled deadlines by providing the required number, no matter how large, of earthmovers to fulfill the target daily quantity.
