

Thank you for making an appointment with me and I am very excited about meeting you.

The forms I need are listed on this Forms Page and I look forward to receiving these documents prior to setting up an appointment.

My office is located on the second floor and unfortunately there isn't access to an elevator. Upon entering the suite, there is a waiting room with a bathroom, tea and water are also available. We will meet in my office which is directly off the waiting room and I will come out of my office to welcome you. Please feel free to change the iPod if you would like to listen to something different than what is playing.

The fee is \$200.00 for an individual session and \$350.00 for couples. Unfortunately, I do not take any insurances but if you have Out of Network Benefits, I can provide you with a receipt which you can send to the insurance company for reimbursement. Please call your insurance company to confirm you do have Out of Network Benefits as each policy is different.

As for insurance: Ask your insurance company the following questions:

Does my plan have Out of Network Benefits?

What's my deductible to utilize the Out of Network Benefits?

What percentage will the insurance company reimburse you for each appointment?

What is the deductible needed in order to utilize my out of network insurance?

Payment is expected at the time of your visit and I don't take any credit cards, only cash or check payable to Dawson Consulting.

There is also a dog in the office, his name is Harvey. Harvey will be crated if you ask or he can visit with you during your session. Just let me know your preference.

Thanks and looking and I forward to meeting you.

Peg
