

MICHAEL SIDES

Celeste- I don't want you to stop loving me

Michael- it's too late...I already have

Celeste- What...no you are just saying that

Michael- Celeste we have been unhappy for a while

Celeste- But I know we can make it, we just have to have faith

Michael- my faith in this marriage is gone

Celeste- Please Michael don't do this

Michael- it's already done

Celeste- what is already done?

Michael- us...this marriage

Celeste- How can you say this...I thought it is through thickness and thin

Michael- well I guess I changed my mind...she changed my mind

Celeste- She...who is she

Michael- no one you need to be concerned about

Celeste- why are you doing this to our family

Michael- I don't have time for this...I came to get my things and leave

Celeste- I can't believe this.... your cheating on me. How could you?

Michael- we have been done for a while now

Celeste- I will not give you a divorce

Michael- What...what ever
