

Inspired by change, simultaneously but separately for a friend and me.

WHITE BLANKET

Hushed, white blanket
soothes the shortness
of the solstice.
Terra's children
sleep in quiet,
tucked in tightly
to warm burrows,
nestled in nests,
frozen in time.
I find my mind's
inspiration;
my languished soul's
absolution.

In the absence of you,
I have found truth
in the essence of me.
